

PRESS RELEASE

ePhilID ensures Filipinos enjoy the benefits of PhilSys registered

Date of Release: 29 December 2023
Reference No. 2023-055

The ePhilID is a proactive strategy of the Philippine Statistics Authority (PSA) that ensures registered persons to immediately enjoy the benefits of being registered to PhilSys and complements the card production strategy.

In the same way, the ePhilID has the same validity and functionality as the ePhilID card. It includes a unique digital signature in its QR code, which should be used for authentication via PhilSys check (<https://verify.philsys.gov.ph/>).

As of November 30, 2023, the Philippine Statistics Authority - Regional Statistical Services Office 1 (PSA-RSSO1) has successfully issued a total of 1,697,177 ePhilIDs. The PSOs/FRCs are continuing to issue Mode 1 ePhilIDs at Registration Centers across the region, with an additional 5,987 successfully delivered or issued in the Ilocos Region for the month of November 2023. Among the provinces in the region, Ilocos Sur recorded the highest number of ePhilIDs issued at 2,099, followed by Pangasinan with 1,945, while Ilocos Norte and La Union issued 1,331 and 612, respectively.

As part of the agency's mandate, the RSSO I and its PSOs continued its efforts to issue ePhilIDs to registrants, enabling them to enjoy the benefits of PhilSys-registered. Additionally, the personnel remain committed to providing services to the region.
