

PRESS RELEASE

PSA RSSO 01 Gears Up for the Household Energy Consumption Survey (HECS)

Date of Release: 20 June 2024
Reference No: 2024-044

Regional Statistical Services Office 01 headed by Regional Director Atty. Sheila O. De Guzman spearheaded the training for the 2023 Household Energy Consumption Survey (HECS) in Region I. It was conducted on 12 to 15 June 2024 in the City of San Fernando, La Union. Mr. Randolph Valdez, Statistical Specialist II of PSA Central Office, Ms. Ma. Victoria B. Capito and Ms. Maylene Pinky Cherry Bulalague, both from Department of Energy (DOE), joined Mr. Arvin Jay Casuga, Information System Analyst I of RSSO 01, and Engr. Mart Marciano Antonn Aromin, Statistical Analyst of PSO La Union, served as trainers. Focal persons and Statistical Researchers for HECS in the four provinces of the region were the participants of the training.

The 2023 Household Energy Consumption Survey (HECS) is a nationwide survey of households jointly executed by PSA and DOE. It particularly collects data about household energy related practices, awareness, and attitudes. Results of the 2023 HECS will be used as inputs in the formulation and implementation of the energy plans, policies, programs, and relevant energy research.

The data collection will be conducted from 17 June to 19 July 2024. It covers approximately 1,614 household samples which are deemed sufficient to provide reliable estimates of energy consumption at the regional level.
