The Philippine Statistics Authority - Regional Statistical Services Office I (PSA – RSSO I) conducted the awarding of Exemplary Respondents for the 2022 Annual Survey of Philippine Business and Industry (ASPBI) and the 2024 Quarterly Survey of Philippine Business and Industry (QSPBI) in San Fernando, La Union on 26 November 2024.

Fifty-seven various economic and private sectors were awarded a Plaque of Recognition for their significant contributions in the conduct of the 2022 ASPBI and 2024 QSPBI.

The 2022 ASPBI aims to collect and generate information on the levels, structure, performance, and trends of economic activities in the formal sector for the year 2022. Furthermore, the 2024 Quarterly Survey of Philippine Business and Industry (QSPBI) is a nationwide survey that will provide quarterly data on employment, compensation, and revenue for key industry groups in the Philippines. These surveys are crucial for providing key data that supports economic planning, policy development, and business strategies.

Through this event, PSA-RSSO I reaffirms the importance of statistical collaboration and the shared responsibility between the public and private sectors. Their continuous support to the ASPBI and QSPBI helps navigate the complexities of the economy and paints a detailed picture that supports both private sector decision-making and government planning and decision making.
