

PRESS RELEASE

PSA spearheads October 2020 Consumer Expectations Survey (CES) Enumeration

Date of Release: _____
Issue No. _____, Series of 2020

An enumerator interviews the respondent of a sample household in the City of Batac, Ilocos Norte.

The Philippine Statistics Authority (PSA), in collaboration with the Bangko Sentral ng Pilipinas (BSP), conducts the October 2020 Consumer Expectations Survey (CES) enumeration on 1 to 13 October 2020.

The CES is a household-based survey on consumers' assessment of their family income, financial situation, and the economic condition of the country. It is a complementary survey to the Business Expectations Survey (BES) of the BSP. The PSA's responsibility is to undertake the data collection and encoding of the questionnaires while the generation of tables and analysis of the results will be done by the BSP.

The CES is conducted on a quarterly basis and is administered on a sample basis at the household level drawn through a stratified multi-stage random sampling with a total sample of about 5,000 households.
