Headline inflation in La Union continued its uptrend as it accelerated further to 6.7 percent in January 2023, from 4.9 percent in December 2022. In January 2022, inflation stood at 0.9 percent. (Table A and Figure 1)

The acceleration of inflation in La Union in January 2023 was primarily brought about by the higher annual mark-up in the index of the heavily weighted food and non-alcoholic beverages at 9.0 percent, from 5.9 percent in December 2022. This was followed by housing, water, electricity, gas and other fuels with inflation rate of 7.5 percent, from 5.7 percent in the previous month. Transport, with an inflation rate of 16.3 percent, from 15.0 percent in December 2022, was the third highest contributor to the uptrend of inflation in the province.
